About Me

An accomplished professional with demonstrated leadership skills as the President of the Student Union Government at Federal Polytechnic, Mubi and a background in the Budget Monitoring Committee. I possess financial expertise gained through active participation in budget analysis and cost-saving initiatives. Concurrently, I am advancing my skills as a Front-End Web Developer, proficiently transforming design concepts into responsive interfaces using HTML, CSS, and JavaScript. Recognized for adaptability, collaboration, and an unwavering commitment to ongoing learning, I am ready to contribute to dynamic projects and teams focused on growth and innovation.

Work Experience

Leadership Experience:

Student Union Government President | Federal Polytechnic, Mubi, Adamawa State
December 2022 to October 2023

- Led a team of 12 executive members in planning and executing various initiatives.
- Represented student interests in discussions with Polytechnic administration.
- Organized and managed multiple programs such as Students' Cultural Carnival that positively impacted the student body.
- Collaborated with diverse groups to address student concerns and improve campus life.

Committee Membership:

Member, Budget Monitoring Committee | Federal Polytechnic, Mubi, Adamawa State
December, 2022 to November 2023

- Contributed to the review and analysis of the school budget, ensuring alignment with Polytechnic and 2013 Need Assessment goals.
- Participated in budget meetings to provide input on resource allocation and financial priorities.
- Monitored and reported on budget performance, highlighting variances and proposing adjustments.

Experience:

Bursar | Abubakar Isa Ahmadu Primary School, Mubi, Adamawa State
August, 2016 to November 2018

- Managed financial operations, including budgeting, accounting, and financial reporting.
- Oversaw the disbursement of funds, ensuring compliance with school policies and regulations.
- Handled payroll, invoicing, and financial documentation.

Relevant Skills

- HTML, CSS, Bootstrap and Python
- Problem Solving
- Team Communication
